

ATHLETIC and EXTRA-CURRICULAR EVENT ELIGIBILITY MIDDLE SCHOOL

POLICY

In order to participate on any athletic team, students must satisfy each of the following requirements:

- Pass five (5) out of six (6) classes on the most recent report card.
- Remain at level 3 or above (see attached explanation)

Probation

Eligibility for sports is based on the previous trimester's grades. If a student does not fulfill the requirements the previous trimester or in a summer school program, then they cannot become eligible for the following trimester.

If a student does complete the requirements to become eligible for a sport, but during the season his or her grades drop below the requirements, the student will continue to participate and be on probation for one week.

If the grades have improved to eligible standards after one week, the student will be removed from probation status and will be required to get grade checks from all teachers on each Friday for the remainder of the season.

If the grades have not improved to eligible standards, the student will become ineligible and will not participate for one week.

If the grades have improved to eligible standards, the student will become eligible to participate and will be required to get grade checks from all teachers on each Friday for the remainder of the season.

If the grades have not improved to eligible standards, the student will be ineligible for the remainder of the current season.

Athletic grade checks will occur during progress reports, quarter grades, and final report cards.
