

# **CURRICULUM DEVELOPMENT AND IMPROVEMENT**

## **POLICY**

The Board believes that continuous curriculum study and evaluation is a prerequisite to developing and improving the quality of instruction. The Board supports the concept of the need for meaningful curriculum change and further directs the superintendent to bring recommendation for such change to the Board for review and approval.

Further, the Board believes that a periodic review of existing programs is essential.

## **PROCEDURE**

1. All curriculum committees and special curriculum studies, including inservice training courses, workshops and summer studies are to be recommended to the superintendent through line and staff or the principal.
2. All curriculum recommendations, including adoption of textbooks, shall be recommended to the superintendent through line and staff.
3. The superintendent shall schedule such recommendations for Board review and approval.

Adopted 07/13/67; Amended 10/03/68 and 08/19/76; Reviewed 04/21/94
