

FUNDRAISING AND ADVERTISING, COMMUNITY

POLICY

The Board believes that the success of certain student activities requires some financial support of the community. To this end, the Board endorses a limited and controlled program of sales to the community and the solicitation of advertising as approved by the superintendent. The superintendent shall report such approved activities to the Board. The sale of any item for individual profit or gain that has not been pre-approved by the Superintendent is not allowed on school property or at school sanctioned events.

PROCEDURE

1. School sponsored community sales include such items as magazines, candy, or marathon fundraising. Profits shall be credited to each individual student's account and/or club account and shall apply toward expenses. Class and club sponsors are responsible for keeping accurate records and supplying student officers and the high school principal with copies.

2. Advertising:

The yearbook, the student Fitzherald, and the athletic department will be permitted to sell advertising on a limited basis. Further, requests in writing may be submitted to the superintendent.

Funds accrued from sales of ads must be deposited with the Business Office for proper accounting.
