

HEALTH APPRAISAL OF STUDENTS

POLICY

The Board believes that the educational and physical development of the student can best be achieved if the school is knowledgeable and informed about the medical limitations of the student. To this end, there shall be a program of voluntary parent participation in providing the school with a periodic medical evaluation of all the students enrolled in its schools.

PROCEDURE

1. Health Appraisal forms will be distributed to pre-kindergarten children and received prior to their enrollment.
2. Health Appraisal forms will be reviewed and pertinent information will be given to appropriate staff members when applicable and beneficial. The forms will be filed in the student's permanent record.
3. Students who are enrolling in a Michigan school for the first time will be given a Health Appraisal form prior to enrollment.
4. Medical Information forms will be distributed to students at the beginning of sixth grade and ninth grade for return within a reasonable time.
5. Medical Information form will be reviewed and pertinent information will be given to appropriate staff members when applicable and beneficial. The forms will then be filed in the student's permanent record.

Adopted 07/13/67; Amended 08/19/76 and 06/01/78; Reviewed 04/21/94 and 10/04/07
