

MEDICAL EXAMINATIONS, STUDENTS

POLICY

A student whose behavior indicates that presence in a particular class is questionable on the basis of possible personal harm to self or to other classroom members, may be requested to present a statement from a qualified medical doctor confirming that the student's continued presence in the class is justified from a medical standpoint.

PROCEDURE

1. Concerns over a student's welfare shall be expressed to the building principal in writing.
2. The building principal shall enlist the assistance of supportive staff, i.e., special education, counselors, etc., to observe and/or investigate.
3. If the investigation indicates the need for medical evaluation, the school will notify the parents.

Adopted 07/19/75; Amended 08/19/76; Reviewed 04/21/94 and 10/04/07
