

PHYSICAL FACILITIES, RENTAL

POLICY

The Board believes that the physical facilities of the district should be used to the maximum extent possible, within budget limitations, to meet the educational, social, political, and recreational needs of the district.

Further, there should be consideration for the needs of the City of Warren and the needs of the greater metropolitan area.

The first priority for the use of facilities will be assigned to those programs and events which are a part of the regular Fitzgerald Schools programs. For such programs and events there would be no assessment of charges.

The second priority would be for the use of facilities by community (Fitzgerald District) groups, and the assessment of fees would be primarily to cover added costs resulting from such activity or use.

The third priority would be for the use of facilities by city or area (Warren, tri-county) groups, and the assessment of fees would be primarily to cover added costs resulting from such activity or use.
