

TENURE STATUS OF PERSONNEL

POLICY

The Board believes that the district is best served when the status of tenure is limited to the position of classroom teacher and does hereby expressly affirm its position that other positions in the district shall not be afforded tenure status. However, any persons in positions other than classroom teacher who have been granted tenure by previous action shall retain such tenure status.

PROCEDURE

1. Teachers who accept administrative positions or any other position which provides for pay beyond the teaching salary schedule will retain their tenure status as classroom teachers only.
2. Administrators who have acquired tenure in the past shall retain only that tenure status, regardless of advancement in position.
