ACCEPTABLE USE OF TECHNOLOGY & INTERNET SAFETY POLICY

Students are encouraged to use District provided devices (e.g. computers, hotspots, tablets, mobile devices, etc.), network, and Internet connection ("network") for educational purposes. When using the network and district provided devices, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Unauthorized or inappropriate use of the network or district provided devices, including any violation of these procedures, may result in cancellation of the device usage, disciplinary action consistent with the student handbook, and/or civil or criminal liability. All students will by default have internet access unless the Individual Internet Access Denial Form is signed. Parents are encouraged to discuss their values with their children and encourage students to make decisions regarding their use of the Internet that is in accord with their personal and family values, in addition to the Board's standards.
