

## **GIFTS, GRANTS, BEQUESTS & DONATIONS**

Fitzgerald Public Schools appreciates receiving gifts, grants, bequests or donations from members of the public, decedents' estates, or corporate entities, as a reflection of public interest in and good will toward the District. The Superintendent is authorized to accept gifts that:

1. Are appropriate for District use.
2. Are free of any restrictions that are contrary to law or inconsistent with Board policy.
3. Contain no commercial advertising.
4. Do not require excessive costs to install, maintain or utilize, or a large commitment of District resources.

Income derived from gifts and bequests will be credited, if possible, to the fund designated or requested from the donor. If the request of the donor cannot be fulfilled, the gift or bequest will be deposited in any other fund specified by the Board.
