Dear Parents and Guardians,

Fitzgerald Public Schools is committed to providing students with comprehensive and age-appropriate sex education. We believe this education is essential for empowering students to make healthy choices and navigate their relationships responsibly.

We would appreciate your feedback on sex education through a brief survey. Your anonymous responses will help us shape the curriculum to best meet the needs of our students. You can find the survey here: [Fitzgerald Public Schools Sex Education Survey](#).

In addition to completing the survey, we are currently forming a Sex Education Advisory Board, and we're inviting parents and guardians like you to join us! This board will meet every two years to review and make recommendations to the School Board regarding the sex education curriculum for our district.

#### **What will the board be doing?**

- Reviewing existing sex education curriculum materials.
- Considering the needs of our students at different grade levels.
- Discussing best practices in sex education, and reviewing the Sex Education Survey Results.
- **Specifically, the Advisory Board will be exploring a potential shift from an abstinence-only curriculum to an abstinence-based curriculum with the inclusion of safe sex education at age appropriate grade levels.** This approach teaches students about abstinence as the preferred choice while also providing information about various methods of contraception and disease prevention.

#### **Why should you join?**

Your voice and perspective are valuable in shaping the sex education your child receives. By joining the Sex Education Advisory Board, you will have a direct opportunity to contribute to the development of a curriculum that reflects the needs of our community.

#### **Who can join?**

We are looking for a diverse group of students, parents, guardians, educators, clergy and community health professionals, to comprise our group of members from various backgrounds.

#### **How can you apply?**

We encourage you to submit a letter of interest explaining your reasons for wanting to join the board. Please include any relevant experience or qualifications you may have. Letters can be submitted to [elijen@myfitz.net](mailto:elijen@myfitz.net) by June 21.

We look forward to your participation to ensure our students receive a comprehensive and effective sex education.

Sincerely,  
Elizabeth Jensen  
Director of Academic Services

Dear Fitzgerald Parents/Guardians,

We're excited to announce a new initiative to enhance learning opportunities! We'll be transitioning to a 2:1 technology program for students in 1st - 12th grade, meaning each student will have access to two devices. One will be kept at home, and one will be used here at school. To ensure we can smoothly transition to 2:1, we are beginning our process for either collecting your student(s) technology device or continuing with our Chromebook on loan program. Please find your student's current grade in the list below for the necessary steps you will need to take to help us.

**Current Preschool, Young 5s and Kindergarten (Schofield Early Childhood Building)-**

Students use Ipads at school only. There is no action required by families.

**Current 1st Grade - 5th Grade (Westview Lower and Mound Park Upper)-**

Students in 1st - 5th grade will keep their Chromebooks. Many of our online programs, such as SeeSaw, RazKids, and IXL will be enabled over the summer, and we would encourage our students to continue to log-in. Students may also want to use their chromebooks during our summer school programs. Students will not receive a new Chromebook at the start of the 2024 school year, so extra care should be given to the device over the summer.

**Current 6th - 8th Grade (Chatterton Middle School)-**

Students in 6th - 8th grade should EXCHANGE their Chromebook at Chatterton Middle School. More detailed information about this will be coming from Mrs. Davis, be sure to check your school newsletter. This Chromebook will be their "stay at home" computer, while students will work from computers in the classroom.

**Current 9th Grade - 11th Grade (Fitzgerald High School and Fitzgerald Virtual Academy) -**

Students in 9th-11th grade should EXCHANGE their Chromebooks at Fitzgerald High School. Students will be able to use their device over the summer to log into some of our programs. Students participating in the Credit Recovery program will be using this computer. Extra care should be given to the device over the summer.

**Current 12th Grade (Fitzgerald High School and Fitzgerald Virtual Academy)-**

Seniors should return their Chromebook to the High School. We want to wish our senior class good luck with your future endeavors!

Sincerely,

Elizabeth Jensen  
Director of Academic Services

Director of Academic Services

May 29, 2024

Dear Fitzgerald Parents/Guardians,

We're excited to announce a new initiative to enhance learning opportunities! We'll be transitioning to a 2:1 technology program for students in 1st - 12th grade, meaning each student will have access to two devices. One will be kept at home, and one will be used here at school. To ensure we can smoothly transition to 2:1, we are beginning our process for either collecting your student(s) technology device or continuing with our Chromebook on loan program. Please find your student's current grade in the list below for the necessary steps you will need to take to help us.

**Current Preschool, Young 5s and Kindergarten (Schofield Early Childhood Building)-**

Students use Ipads at school only. There is no action required by families.

**Current 1st Grade - 5th Grade (Westview Lower and Mound Park Upper)-**

Students in 1st - 5th grade will keep their Chromebooks. Many of our online programs, such as SeeSaw, RazKids, and IXL will be enabled over the summer, and we would encourage our students to continue to log-in. Students may also want to use their chromebooks during our summer school programs. Students will not receive a new Chromebook at the start of the 2024 school year, so extra care should be given to the device over the summer.

**Current 6th - 8th Grade (Chatterton Middle School)-**

Students in 6th - 8th grade should EXCHANGE their Chromebook at Chatterton Middle School. More detailed information about this will be coming from Mrs. Davis, be sure to check your school newsletter. This Chromebook will be their "stay at home" computer, while students will work from computers in the classroom.

**Current 9th Grade - 11th Grade (Fitzgerald High School and Fitzgerald Virtual Academy) -**

Students in 9th-11th grade should EXCHANGE their Chromebooks at Fitzgerald High School. Students will be able to use their device over the summer to log into some of our programs. Students participating in the Credit Recovery program will be using this computer. Extra care should be given to the device over the summer.

**Current 12th Grade (Fitzgerald High School and Fitzgerald Virtual Academy)-**

Seniors should return their Chromebook to the High School. We want to wish our senior class good luck with your future endeavors!

Sincerely,

Elizabeth Jensen  
Director of Academic Services

## Summer Learning with IXL

We have used IXL to reinforce our curriculum this year, and your student will continue to have access to this great program over the summer. With thousands of interactive skills, IXL is a fun way for your student to keep their learning fresh.

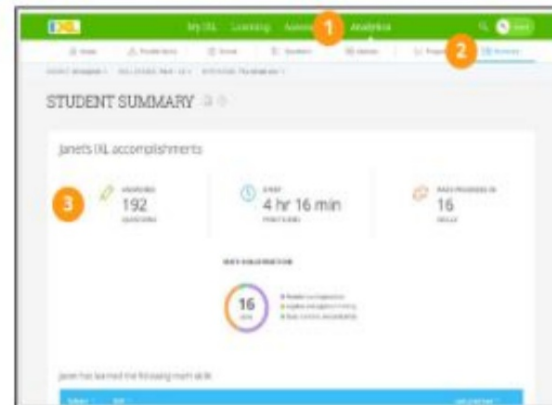

### Accessing IXL:

- 1.) Sign into Clever- [clever.com/in/myfitz](https://clever.com/in/myfitz)
- 2.) Click on the IXL app to login to IXL

### Finding Skills to work on:

1. Login to IXL through Clever.
2. You will be taken to your child's personal dashboard. Here you can see skills to work on over the summer as well as recommendations based on their practice history and learning needs.
3. Have your child explore these recommendations and choose skills that are interesting to them.
4. Keep coming back to see new suggestions throughout the summer.

### How do I check my child's progress?

1. Login to IXL through Clever and select the "Analytics" tab.
2. You will be taken to your child's Student Summary report.
3. Review the list of accomplishments and skills to work on.
4. Encourage your child to keep learning!

Dear Parents and Guardians,

Fitzgerald Public Schools is committed to providing students with comprehensive and age-appropriate sex education. We believe this education is essential for empowering students to make healthy choices and navigate their relationships responsibly.

We would appreciate your feedback on sex education through a brief survey. Your anonymous responses will help us shape the curriculum to best meet the needs of our students. You can find the survey here: [Fitzgerald Public Schools Sex Education Survey](#).

In addition to completing the survey, we are currently forming a Sex Education Advisory Board, and we're inviting parents and guardians like you to join us! This board will meet every two years to review and make recommendations to the School Board regarding the sex education curriculum for our district.

#### **What will the board be doing?**

- Reviewing existing sex education curriculum materials.
- Considering the needs of our students at different grade levels.
- Discussing best practices in sex education, and reviewing the Sex Education Survey Results.
- **Specifically, the Advisory Board will be exploring a potential shift from an abstinence-only curriculum to an abstinence-based curriculum with the inclusion of safe sex education at age appropriate grade levels.** This approach teaches students about abstinence as the preferred choice while also providing information about various methods of contraception and disease prevention.

#### **Why should you join?**

Your voice and perspective are valuable in shaping the sex education your child receives. By joining the Sex Education Advisory Board, you will have a direct opportunity to contribute to the development of a curriculum that reflects the needs of our community.

#### **Who can join?**

We are looking for a diverse group of students, parents, guardians, educators, clergy and community health professionals, to comprise our group of members from various backgrounds.

#### **How can you apply?**

We encourage you to submit a letter of interest explaining your reasons for wanting to join the board. Please include any relevant experience or qualifications you may have. Letters can be submitted to [elijen@myfitz.net](mailto:elijen@myfitz.net) by June 21.

We look forward to your participation to ensure our students receive a comprehensive and effective sex education.

Sincerely,  
Elizabeth Jensen
